fields), very strong orgone, original patent

OUR QUANTUM EQUALIZER® TECHNOLOGY:

It is the science of resonance, of stone that vibrates at one level and is encoded in a particular way to emanate resonance information (ideal frequency of 15Hz) with whatever is nearby. It will work where there is an imbalance. You will begin to resonate with your ORGO-LIFE 5G & EMF QUANTUM EQUALIZER TECHNOLOGY® based on your movements and for the energy of your Life balance.

At Orgo-Life we ??have used in its manufacture, these added minerals:

Black tourmaline from Sri Lanka

Shungite from Russia 17 grams

Smoky quartz from Brazil

Malachite from Russia

jet of britain

garnet stone

4-Avoid freezing it (in winters) and thawing it frequently this will not affect the performance, but the aesthetics might crack on the resin due to the expansion of the metals inside the device.

5-The field (Vortex) that the device will make grows within 1 week, it transmutes

the electromagnetic fields, which gives as the effect of neutralization, you will be less invaded by an order up to 80%, it will be very beneficial for you.

PREMABLE:

Much has been said about the dangers of ubiquitous 5G radiation to your health and well-being. So we formulated this Orgo-Life 5G & EMF Quantum Equalizer Technology® Tow Harness specifically for maximum radiation protection.

Our technology is 80 years ahead of that of Wilhelm Reich who made his discoveries of organite in the 1940s... It is in a way the continuity of his research and development that began at that time. Everyone copies this principle, but may have managed to evolve it to fit the frequencies and electromagnetic fields of the 21st century.

At Orgo-Life each device is meticulously made according to its manufacturing protocol similar to ISO 9001, either verified valid or the procedure and its process have been noted at every step. All of our stones are energetically cleansed in sea salt pools over several days, and then each stone has its axis of polarization noted and identified on the crystals and stones.

With all this we arrive at a high performance device.

Orgo-Life®, Model UL-3407, Transmitter module for 5G and EMF Protection for home (electromagnetic fields), world's most advance Orgone

Note that; that your Orgo-Life® device is handmade, they all have small mini defects, very small holes, etc... when looked at very closely 5-10 cm (2-4 inches) , but at a good distance of 1.5 feet and more, they look perfect. Due to the manual work and the polyester resin product with the Orgo-Life, it is normal to look like this. Orgo-Life is a unique technology that can only be made by hand. It is above all an artisanal product.

Our devices do not claim to cure any disease or illness. Disclaimer: In the event of a serious medical condition, please seek the help and advice of a qualified medical professional. The potential health benefits have not been evaluated by national medical licensing bodies.
