Manufacturing Method – Sacred Ritual

Each **UL-3441 Joy Uplift Pendant Orgo-Life®** is crafted through a unique process that goes beyond simple assembly. It is a **sacred geometric ritual**, carried out with devotion and precision by our dedicated artisans.

- Each pendant is created in a state of **deep meditation**.
- Specific **mantras** are sung during the insertion of the Himalayan crystals, infusing vibrational resonance.
- Each crystal is positioned following **sacred geometry principles**, ensuring optimal energetic coherence.

This sacred process transforms every pendant into a **harmonized matrix**, where matter and energy merge with the intention of well-being.

Respect and Alignment – Matter & Spirit

The UL-3441 *Joy Uplift* pendant is not just an energetic jewel: it is also a **symbol of alignment** between matter and spirit. Inspired by ancient oriental traditions, it is based on the idea that everything in the universe – visible and invisible – is interconnected by subtle vibrational forces.

- Through **Feng Shui** and **Bazi** principles, it promotes a harmonious circulation of energy.
- In Feng Shui, it acts as an **anchoring point**, balancing the five elements (Wood, Fire, Earth, Metal, Water).
